The Kent City Health Department in conjunction with Kent State College of Public Health is conducting a focus group to get a better understanding of the perceptions associated with vaccines/vaccination.

We are looking for:

- Residents of Kent, Ohio
- Students of Kent State University
- Parents of school age children encouraged to attend
- Individuals who ever questioned the safety of vaccines
- Those with strong opinions on vaccinations
- Those with suggestions on how vaccination requirements should be revised

**Free Pizza for Attendees!**
